Program Eligibility & Instructions

- ◆ Rebate applies **only** to the installation of **WaterSense® labeled** 1.28 gallon per flush (gpf) toilets.
- ◆ Property **must** have a water account with MWC.
- ◆ New and old toilets **must be inspected by MWC staff** before rebate is issued.
- ◆ Rebates requested by non-owners require owner's written consent.
- ◆ Allow 4 to 6 weeks for the processing of the rebate check.
- ◆ Program is limited to 25 rebates per site (call for details).
- ◆ Rebates will be issued on a first come first served basis; program may end if funds are depleted.

Rebate Amounts:

- ◆ \$85 (plus a recycling voucher) for replacement and recycling of a toilet flushing 2.5 gallons or more.
- ◆ \$40 (plus a recycling voucher) for replacement and recycling of a toilet flushing 1.6 to 2.5 gallons.
- ◆ \$40 for installing a qualified 1.28 gpf toilet in lieu of a 1.6 gpf model in new construction.

Instruction Checklist:

- [Select and purchase WaterSense toilet\(s\).](#) Eligible models are identified with a WaterSense label. Verify eligibility by reviewing the list of qualifying toilets on the EPA website: <http://www.epa.gov/watersense>. Toilet model number(s) must match the numbers on the WaterSense list exactly. No mixing of tanks and bowls from the list is allowed, as each model has been tested in specific combinations for performance and efficiency.
- [Install WaterSense toilet\(s\).](#) Installation is the responsibility of the applicant. Keep the box the new toilet came in until after inspection. **DO NOT dispose of old toilets until inspection by MWC.**
- [Complete the rebate application form and attach the sales receipt.](#) Submit the application to MWC, either by mail or delivery to our office. You may also contact us to schedule an inspection and provide the application and receipt at that time.
- [Schedule an inspection and receive recycling voucher.](#) Applicant's signature on this form authorizes MWC to perform an onsite inspection, at which time we will view the new installation, confirm the size of the old toilet(s) and provide recycling voucher(s). If you have submitted an application in advance, MWC will contact you to schedule the inspection. You may also call us at 541-774-2435 to do so. **If the new toilet is being installed by a plumber, call us at least a day in advance** and we will attempt to coordinate our inspection with their visit.
- [Recycle old toilet\(s\) at Rogue Disposal Transfer Station.](#) This is **required** to receive the full rebate amount. During the inspection, vouchers for free recycling will be provided. **If you hire a plumber, be sure to inform them of this requirement and work out any details ahead of time.** Rogue Disposal will validate the voucher and direct you to the designated recycle container. Remove all metal and plastic parts from the old toilet before recycling.

Disclaimer

The Medford Water Commission may deny any application that does not comply with all of the WaterSense Toilet Rebate Program Eligibility Instructions. MWC makes no representation or warranty regarding the toilets eligible for rebate. Any claim based upon any defect or failure of performance of a toilet purchased by the applicant should be pursued with the manufacturer or distributor. By participating in the program the applicant waives and releases MWC from any and all claims and causes of action arising out of the purchase, installation, or use of the toilets purchased in connection with the rebate program. Verification inspections are not a certification, warranty, or other approval with respect to the applicant's compliance with applicable laws, ordinances and building codes. MWC reserves the right to alter this program at any time.
